

Center for Spiritual Living - Redding
Pledge Program Commitment Form

The Center for Spiritual Living - Redding Pledge Program has a two-fold purpose: first, to encourage the consciousness and demonstration of financial prosperity for the members and friends of the Center, and second, to ensure the growth and success of the Center.

The program allows your financial support without any specific attendance requirements. This frees you to attend services as you choose, while ensuring consistent support for the church. The program also allows you to make regular contributions to an area you are especially interested in supporting.

It is my pleasure to establish my commitment to the growth and unfolding of my church and myself. In this consciousness, it is my pleasure to pledge:

_____ per month to the General Fund

_____ per month to the Endowment Fund

_____ per month to the _____ Fund

I know that my Source is God, and that this Source is flowing into my life and the life of my church: abundantly, clearly, and freely right now! I am a prosperous individual who supports a prosperous church. I give thanks that it is so, and so it is.
